Pivotal Advance Boosts Excel's Power
by Jeff Lenning, CPA/CITP
PivotTables are well established as one of Excel's most effective features, but even PivotTables have struggled to combine and summarize data stored in a variety of locations and formats, making it difficult for CPAs to create certain types of reports. A new tool, PowerPivot, addresses this problem by allowing users to create previously impossible PivotTables that enhance Excel's efficiency and effectiveness.

Fund Advisers Face New Registration, Reporting Regs
by Jeffrey Gilman, J.D.
The SEC issued several sets of rules to implement changes included in the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010. The rules include new registration and reporting requirements for advisers to hedge funds and other private funds, and define "family offices" that are excluded from the Investment Advisers Act of 1940.
